## WB Eckert will demonstrate at our June meeting

June 8th at our new location at 5820 Traffic Way, WB Eckert will give a presentation of mixing color to get the color you want. It will include how not to frustrate yourself when mixing color, efficient ways to mix and gauge the process, elements that affect the mixed colors, how the use of the brush can affect your color mixes and exploring new colors.

WB Eckert is a lifelong artist/designer/photographer with diverse professional experience in a wide range of media from fine arts painting and printmaking to photography, the graphic arts, and three dimensional design. His current full time focus is on painting, with acrylics as his medium of choice. His work is notable for his striking use of color, bold sweeping shapes and themes, and meditative atmosphere. He attended the University of California as a major in Fine Arts and has shown his work in the Central Coast area over many years. In addition to maintaining his own studio, he teaches drawing and acrylic painting in classes held at the Paso Robles Art Association as well as private lessons. A resident of Southern California since 1956 and the California Central Coast since 1979, WB Eckert is very familiar with the rhythms and feel of the Pacific Coast and the wine region of the Central Coast area. He currently both resides and works in Paso Robles, CA. He is a signature member of the International Society of Acrylic Painters (ISAP).

WB Eckert teaches at Studios on the Park in Paso Robles and we are lucky to have such a versatile artist to speak to our group. Join us at 7 P.M. at our new gallery and learn about strategies for mixing color.
